As no provision has been made for the extension, the matter is of necessity delayed.

Heretofore the annual meeting of the Westerly fire district fell on the evening of election day and in consequence the date of the meeting was changed to the second week in December of each year. At this meeting the fire tax will be levied and appropriations made for the ensuing year. It is expected that provision for a complete fire alarm system for the enlarged district will be made and all requirements of the fire department given consideration.

The water supply of Westerly is from driven wells and is submitted annually to chemical analysis under the direction of the state board of health. It is claimed as the purest in the state of Rhode Island, and visitors
